

REPUBLICANS OF IDAHO

State Central Committee Se-
lects Convention Town.

WILL MEET AT MOSCOW

Attempt to Heal Breaches in
Party Ranks.

Resolutions Adopted Indorsing the
National Administration, and
Ignoring State Government.

(TRIBUNE SPECIAL.)
Boise, Jan. 27.—At a meeting of the Republican State central committee today Moscow won the nominating convention from Boise by the narrow margin of three votes. The convention will be held at the Latah county seat on August 19th, and the convention at which delegates to the National Republican convention are to be named will be held in Pocatello on May 18th. The meeting will be one of the most important, from a party standpoint, of any since the troublous days of 1896.

While endeavoring to bridge over some of the wide breaches in the party, the committee's action along some lines is regarded as productive of further splits. As a result, the rank and file Republicans here are discontented, and the Democrats are correspondingly jubilant. Failure of the committee to indorse the State Administration is regarded as significant and is generally charged to the antipathy of Chairman Gooding to Gov. Morrison. Conservative ones on the committee insist on action that will bring the contending forces together, but it is not believed that this is possible under existing conditions. Chairman Gooding seems to be one of the greatest stumbling blocks to harmony, and so long as he is at the head of the committee, there is little chance of existing conditions being ameliorated, although it is said that some steps along that line may be taken. The split in the party is so pronounced as to cause Republican stalwarts outside the organization, as well as members of the committee, to entertain the gravest apprehensions as to the outcome.

MOSCOW CHOSEN.

The convention question was settled Jan. 27, G. Pickett, fourth of the University City, and P. J. Cowen of Lemhi, who held the proxy of E. K. Abbott of Salmon City, stood out for Boise. Pocatello had a strong following and the contest quickly narrowed down to a choice between Pocatello and Boise or Pocatello and Moscow resulting in a victory for the latter. The contest was extremely good-natured.

Each county was given one delegate for each 120 votes or major fraction thereof. For the Republican nominees for Secretary of State in 1902, and two at large, the apportionment being as follows: Ada, 2; Blaine, 1; Boise, 5; Canyon, 2; Carlsbad, 1; Coeur d'Alene, 1; Fremont, 2; Idaho, 15; Kootenai, 1; Latah, 1; Lemhi, 1; Lincoln, 1; Nez Perce, 2; Owyhee, 1; Shoshone, 2; Washington, 12, total 40.

The following resolutions were adopted: "We, the Republican State central committee, in regular session assembled at Boise, Idaho, most heartily indorse the strong, unequivocal, determined and upright course of President Roosevelt in his administration in National affairs, as well as his fidelity to the best interests of the people of Idaho and the Republican party therein."

Resolved, That we deprecate and condemn any and all efforts to create misunderstanding, dissension or friction within the ranks of the party in this State, by an attempted revival of political issues long since dead and forgotten, and based upon differences of religious belief.

"We heartily indorse the course of our Republican Senators in their efforts to sustain the action of this committee relative to appointments to Federal office in this State."

"We unhesitatingly declare in favor of Hon. Theodore Roosevelt as the next nominee of the Republican party for President of the United States, and we earnestly favor the selection of delegates from Idaho to the coming National convention instructed to work and vote for his nomination."

EDITORIAL COMMENT.

The Statement (Rep.) referring to the resolution bearing on the Mormon question, says editorially today: "The interests which dominated the committee will find it difficult to delude the people of this State into belief in the efficiency of the actions of certain party leaders has been an attempt to revive any issues 'dead and forgotten' and based upon differences of religious belief." When those leaders secured the adoption of that section of the resolutions they attempted to screen themselves behind a money structure. At no time has the religious belief of any man been assailed, but the men who compose what is known as the party organization have been vigorously condemning any having placed the party in the position of catering to the vote of a certain religious organization, which is charged with having notoriously participated in politics an intermingling of church and state that is generally distasteful.

"If the committee desires to avoid dissension, let it counsel these leaders to adopt strictly different methods, and let it insist on merit and not on strength of participation in questionable deals."

"Will it not be claimed, with good reason, that the foregoing resolution is the best of evidence that there is an intrigue between the so-called leaders of the Republican party and men claiming to represent the Mormon church?"

UNIVERSITY OF CHICAGO.

President Harper Announces That It
Is No Longer a Baptist
Institution.

Chicago, Jan. 27.—The University of Chicago is no longer a Baptist institution. Almost in no more words President Harper announced to the senior class today that the university had outgrown its denominationalism. He declared that in the future of its faculty, its students and its methods, it had spread beyond its allegiance to the Baptist church. Most of the students and faculty of the university were non-Baptists. All the buildings were owned by people of other creeds, he continued, and \$9 out of every \$10 except that given by John D. Rockefeller, who was a Baptist, were contributed by people not members of that church.

There was very slight opposition to the officers elected, who are as follows: J. W. Houston, president; A. "I had scrofula and
erysipelas for eight-
een years, until I
heard

Of Dr. Pierce's Golden Medical Discovery," writes Mr. Hilary Koons, of Queens, W. Va. "When I commenced to take this medicine I weighed one hundred and thirty pounds. I have taken six bottles of Dr. Pierce's Golden Medical Discovery and three vials of his 'Pleasant Pellets,' and am glad to say I feel like a new man. I now weigh one hundred and seventy-five pounds. When I had used one bottle of the medicine I could feel it was helping me. I realize Dr. Pierce's Golden Medical Discovery is the best medicine on earth."

Dr. Pierce's Golden Medical Discovery purifies the blood and entirely eradicates the poisons that breed and feed disease. It cures scrofula, eczema, erysipelas, boils, pimples and other eruptions that mar and scar the skin. Pure blood is essential to good health. The weak, run-down, debilitated condition which so many people experience is commonly the effect of impure blood. Dr. Pierce's Golden Medical Discovery not only cleanses the blood of impurities, but it increases the activity of the blood-making glands, and it enriches the body with an abundant supply of pure, rich blood.

FREE. Dr. Pierce's Common Sense Medical Adviser is sent free on receipt of stamps to pay expense of mailing only. Send 21 one-cent stamps for the book in paper covers, or 31 stamps for the cloth-bound volume. Address Dr. R. V. Pierce, Buffalo, N. Y.
